

MS CRM Senior Developer

- **MS CRM 4.0 experience**
- **Leading MS CRM Vendor in Sydney**
- **Great Team, Great Projects, Great Opportunity**

As a Microsoft Gold Partner and a Microsoft CRM Partner of The Year, Praxa is seeking an enthusiastic and talented MS CRM Senior Developer to join our existing team. You will work with the largest MS CRM partner in Australia assisting customers in getting the best solution for their business using MS CRM 4.0.

You will work with the Principal Architect and Solution Architect to develop and deliver solutions that meet client business needs across all sectors.

Your ability to consult and keen appreciation for how a business operates will allow you to truly understand the client's needs and develop innovative solutions.

You will be working with MS CRM 4.0 and have experience with developing in a C#, .Net language and MS Reporting Services.

Ideally you should possess:

- Strong communication and client facing skills
- Microsoft CRM Certification and MS CRM 4.0 experience
- Be a good team leader
- Good database knowledge and experience
- Good experience with the MS CRM and .NET framework

If you are keen to work with a resourced leading player in this space, be provided with ongoing training and the opportunity to work on endless projects using the latest technologies, then we would like to hear from you.

If you are not currently certified, you will be provided the opportunity to gain your CRM qualification.

Please email your CV and a covering letter to human.resources@praxa.com.au
